EDUCATION

M.Sc. in Big Data Analytics

St. Xavier's College, Mumbai

June 2025 – April 2027

CGPA: 7.35+ / 10.00

B.Sc. in Mathematics

B.K. Birla College of Arts, Science & Commerce, Kalyan

February 2022 – April 2024

CGPA: 8.35 / 10.00

TECHNICAL SKILLS

Programming: Python, SQL, Java, Unix/Linux Scripting

Data Science: Pandas, NumPy, Scikit-learn, Streamlit, Plotly, Matplotlib

Cloud & Databases: AWS, MySQL, PostgreSQL, MongoDB, DuckDB

Data Engineering: ETL Pipelines, Data Cleaning, Data Transformation, Data Quality, Apache Parquet

EXPERIENCE

ERP Implementation & Customization Engineer

Apr 20 – Jun 19, 2026

Atomnik Technologies — Mumbai, India

- Supported ERP implementation and customization activities by configuring modules and adapting workflows to meet business requirements and operational needs.
- Assisted with requirement analysis, system configuration, testing, troubleshooting, and issue resolution across ERP workflows to support smooth implementation.
- Worked on ERP customization and process improvements, helping align system functionality with client requirements and reducing repetitive manual effort.
- Collaborated with team members during implementation activities, validating configurations and supporting deployment and user adoption.

PROJECTS

Hospital Length of Stay (LOS) Prediction Dashboard

Tech: Python, Scikit-learn, Random Forest, SHAP, Streamlit

- Built an end-to-end ML pipeline for 100K+ patient records with feature engineering and hyperparameter tuning, achieving 94% prediction accuracy.
- Developed an 8-page Streamlit dashboard with prediction, risk stratification, SHAP explainability, and performance metrics, reducing analysis time by 60%.

Advanced Multi-Tissue Gene Expression Profiling Engine

Tech: DuckDB, Apache Parquet, Plotly, Streamlit

- Developed a high-performance dashboard for large-scale gene expression analysis using DuckDB and Parquet for efficient querying.
- Built interactive filters, KPI views, heatmaps, scatter plots, and auto-generated insights, accelerating pattern discovery by 70%.

Amazon Sales Dashboard

Tech: Power BI, DAX, Excel

- Built an interactive Power BI dashboard on a large-scale Amazon sales dataset, transforming raw data into actionable sales, product, customer, and KPI insights.
- Designed DAX measures, slicers, filters, and interactive visuals to analyze sales performance and trends efficiently for business-focused decision-making.

CERTIFICATIONS

AWS Academy Graduate: AWS Cloud Foundations – Amazon Web Services (2024)

Completed training in AWS cloud concepts, core services, security, architecture, and foundational cloud infrastructure.

Core Python – QuickXpert Infotech (2025)

Strengthened Python programming, problem-solving, data handling, and application development fundamentals.

Exploring SAP Analytics Cloud – SAP (2026)

Gained foundational knowledge of cloud analytics, dashboards, data visualization, and business intelligence workflows.
